Rebecca,

Our Troop is winding down the Girl Scout year. We have just a couple of meetings left at the American Legion hall. Pool Party: I wanted to see if this is a good time to reach out to see if there would be LifeGuards available for our end of the year party. It is Thursday June 22nd from 3:00 to about 6:00. We have a couple of girls that will need to go to the Bennett moving up party so I think we will have to plan to go to the pool at 4:30.

American Legion Hall 2023/2024- I am gathering our volunteers names and roles for the next year. The American Legion Hall has been a great place to meet and I wanted to confirm we can continue using the facility. - WIFI would be an amazing addition to the facility. Can our Troop contribute in any way to explore getting it at the American Legion hall? The cell coverage is not reliable and we would like to increase the safety and activity availability there. We can assist in a monthly fee or installation.

This is my last few months as the leader of the multi level troop. I have said that before but I stayed because I really wanted to make sure the troop had consistent leadership through the pandemic. We are now as robust as we were before the pandemic and I am confident I can take a less involved role. I just wanted you to know, because I hope to connect you to a new leader in the next few months.

Have a great day and Thank you for always being supportive of the Troop.

Heather
