

The attached proposed sketch survey map shows the lot line adjustment. We would like to take the following 4 small non-conforming lots and combine them into two larger lots; making one conforming and one non-conforming.

The four parcels:

53.2-3-62 – 1 acre

53.2-3-63 – 2.5 acre

53.2-3-61 – 1.1 acre

53.2-3-60 - .9 acre

We propose taking lot 53.2-3-62 and combining it with lot 53.2-3-63 and a portion of lot 53.2-3-60 to make "Parcel A". Total Size: 3.821 acres

We would like to take lot 53.2-3-61 and combine it with a portion of lot 53.2-3-60 to make "Parcel B". Total size: 1.631 acres.

We then would like to move the middle lot line slightly east to have the wellhouse be included on the lot that the well serves, currently it is not on that property.

Thank you for your help!

Matt
